Our Inspiration

Uplifted Foundation seeks to build on the impactful life work of two very different, but like-minded individuals, Phil Kane (left) and Les Clemens (right).

Although from very different walks of life, Phil and Les developed a close friendship over the years. They first met through a Christian Businessmen's Chapter that regularly met for breakfast at a restaurant in Souderton, PA. Both were well-known and respected business and Christian leaders in the community. They shared a passion for uplifting others through the practical application of God's love. Both were tireless helpers of people and spared no time, talent, or treasure in their efforts to make the world a better place.
